

## Staging Class Well Attended

By **JIM SMITH**  
**Jefferson County Realtor®**

On Saturday, Feb. 11, I hosted a workshop on how to stage your home so that it sells quickly and for the highest possible price. It was held at the Golden Public Library, and 16 people attended. **Johanna Wells** of the Look Group presented her introduction to staging and answered questions from those in attendance.

Several people couldn't attend that Saturday morning, so we've scheduled a repeat of the class on **Monday, March 6th, 6 to 8 p.m.** We hope to have it in the same location, but call **(303-525-1851)** or email **([jimsmith@remax.net](mailto:jimsmith@remax.net))** to confirm, if you'd like to attend. There's no cost, and I promise that you will not be solicited by me, Johanna or anyone else before, during or after the session.

We may schedule future Saturday or weeknight sessions of the same program if there is enough interest, so call or email even if March 6th doesn't work for you.

The feedback forms completed by participants tell how valuable they thought the session was for them. Out of a possible score of 10, here's the "report card" on Johanna's presentation:

Knowledge 9.5  
 Content 9.5  
 Professionalism 9.4  
 Preparedness 9  
 Delivery 10

Johanna uses PowerPoint to illustrate her points and to show before & after pictures of effective staging. The emphasis is on rearranging what you already have rather than buying anything.

If you're going to attend, you

are invited to email me photos of your "problem" rooms, and Johanna will be happy to include them in her presentation and suggest how she might re-arrange those rooms to make them show better.

Staging definitely works, as my own statistics demonstrate. I provide a free staging consultation (by Johanna) on every listing. My 14 sold listings

in a particular subdivision last year were under contract in an average of 36 days at 98.1% of listing price. The 13 sold listings in that same subdivision which were not listed by me were under contract in an average 90 days at 88.7% of listing price. Of course, many other factors — pricing, marketing, virtual tours, Internet marketing, etc. — contributed to my better statistics, but I feel that staging definitely played a role.

Whether or not you hire me to list your house, come see what lessons are to be learned about effectively staging your house when and if you put it on the market. You're welcome to hire Johanna whether or not you hire me!
